to Michelle, me

Ms. Obrec:

Please see the attached plat map where I notated which roads are public. Please note that this document is outside of your FOIA request as pursuant to the FOIA statute, we are not required to create new documents. However, I made the attached to help explain the resolutions that you just received in response to your FOIA request. Hopefully the attached will answer the questions you have regarding the status of the roads within your subdivision. Please let me know if you have any further questions.

Thanks,
Jienelle
